**Williamson's  
January 16, 2002**

A BIG STAR FOR OUR NEW YEAR MEETING...

Obviously, all of our meetings are headlined by big stars, but this one is from another galaxy.

**George Finkel** began in broadcasting in 1962 at "Playboy" with the Penthouse TV Show, came to WFIL in 1964, joined WPHL in 1965 as Production/Operations Manager, and went to NBC in 1971 to produce football. Eventually he produced seven Super Bowls and six Orange Bowl games. He

won an Emmy for Super Bowl XIII, Miami 35-Dallas 31. He has three Emmys. The others are for the 1982 World Series and producing the 1988 Olympics. He also produced the two 1970's Stanley Cups where the Flyers won. He was with NBC for 19 years as Producer/Director.

He will be with us January 16, the third Wednesday, at 12 noon. Please note our meeting is at **WILLIAMSON'S IN THE GSB BUILDING, CITY AND BELMONT AVENUES.**

### BOARD MEMBERS:

## Happenings

**Sam Bushman** proved himself to be the legend that he is with his appearance at our December meeting. A publicity man's publicity man he spins some mean stories. And our **Pixanne** of Channel 10 children's show fame is now grown up and a wonderful vocalist, as she proved with her singing at the meeting.

President **Ed Papazian** is a busy man. He ran the Delaware Valley PAC of the Armenian Society with dignitaries from Washington in December.

The guests included U. S. Senator Mitch McConnell. After Israel, Lebanon receives the second most aid from the United States. The Armenians are trying to get the assistance of Washington to gain an apology from Turkey for the genocide of one and half million Armenians in 1915. Ed's grandparents were among those killed.

As Pioneer's President, Ed represented the group at the WCAU Prime Time Club meet-

ing at Cedarbrook Country Club. Herb Clarke officiated at the large gathering of retired 'Cau'ers. **Gene Crane, Jane Norman** and **Ed Harvey** (and Marj) were also in attendance.

Guess who's coming back to Philadelphia? **Max E. and Matilda Solomon!** After some thirty years in Miami, they've decided that they want to be near their 3 children, 7 grandchildren and 7 or 8 great grandchildren.. They will be arriving soon at the Philadelphian on the Parkway and perhaps in time to

anniversary there. Max E. Solomon retired from WFIL when he was 65, and the former President and Person of the Year of our club has frequently returned for visits with us. Now, perhaps, we'll see a lot more of him.

She says that wherever she goes when it's announced that she used to be on Capt. Noah on Channel 6 people always say they danced, or sang, or appeared on the show. Noting that often it's our sad responsibility to report illnesses, etc., she

We are also getting cooperation from Channels 3-6-10 in our effort to have symposia for area communications students to whom we can pass along such experience as our club represents. This effort is being chaired by Frank Hogan who is General Manager of WGLS-FM at Rowan University.
